Drainage Transition Update:

The Union met with EPCOR on Wednesday, October 18th to discuss the positions that have not been reviewed by the Company and have had their wages stay the same as with the City of Edmonton.

The Union has presented EPCOR with a wage grid we felt would be appropriate to the positions that did not have their rate adjusted and asked that the affected members be given the new rate, however, EPCOR has stated that they would like to review each of these classifications to decide where their wages should be.

This process involves discussions with the managers in the area, along with visits to the jobsites and reviews of job descriptions and classifications and can take many months to work through as they evaluate each position.

The list of positions which have not been reviewed and whose wages have stayed the same are as follows:

*Sewer Substructure Inspector
Tunnel Boring Machine Tech
Training & Safety Instructor
OH&S Field Coordinator
Equipment & Safety Instructor
Boom Truck Operator
Mobile Crane Operator
Welder II
Millwright II*

In Solidarity,

The Transition Committee
