

September 17, 2020

Dear Member,

Please be advised on September 4<sup>th</sup>, 2020, Local 30 email server went down due to a server crash of our IT company. We just discovered that this affected our voicemail system too. If you have called or emailed since the date of the fire and left a message, and have not received a response back, please call me on my cell (780) 293-9621.

Regards,

A handwritten signature in black ink, appearing to read "John Mervyn".
